EXAMINER'S COMMENT

Election/Restrictions

1. Newly submitted claims 213-258 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

With respect to claims 213-236, a tab placement system with a numbering means that includes at least one first number on the tool each adjacent to a respective one of the markers, a second number and third numbers is a combination not previously recited and is independent of the previously recited combinations.

With respect to claims 237-258, a tab placement system with a numbering means that includes first, second and third indicator means is a combination not previously recited and is independent of the previously recited combinations.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 213-258 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
